About Me

As a highly motivated and detail-oriented computer science student, I am seeking opportunities to apply my technical skills, problem-solving abilities, and passion for innovation in a dynamic and challenging environment. Eager to contribute my knowledge to cutting-edge projects and further develop my expertise in computer science.

Education

HKBK College of Engineering

B.E in Computer Science and Engineering [2020-2024]

Narayana Junior Academy

Higher Secondary Board of Education [2018-2020]

Vivekananda Kendra Vidhyalaya

Secondary Board of Education

Technical Skills

Programming Languages: C, Java, Python

Database Management: MySQL **Web Technologies**: HTML, CSS

Version Control: Git

Networking: Network Management

Projects

E-commerce Site using SQL:

- Developed a fully functional e-commerce website with SQL database integration.
- Implemented features for product catalog, user authentication, and order processing.
 Java TodoList:
- Created a task management application in Java for organizing and prioritizing tasks.
- Utilized Java Swing for the graphical user interface and file handling for data persistence.
 Quiz App:

- Designed and implemented a quiz application with a user-friendly interface.
- Incorporated features like multiple-choice questions and score tracking.

Car Rental using Java Swing:

- O Developed a car rental system with Java Swing for the graphical interface.
- Implemented features such as booking, inventory management, and user authentication.
 carbon Footprint calculator:

- The project allows users to input their daily usage of appliances (refrigerators, air conditioners, ovens, electric heaters) and the carbon intensity of electricity in their region.
- The calculator then estimates the carbon emissions associated with the energy consumption
 of these appliances, providing users with a personalized and actionable understanding of
 their environmental impact.

Certifications

C Programming for Beginners: Master the C Language

SQL Certification:

Student Development Program: Angular JS and Node JS

CCNA Network Fundamentals:

Quiz Competition: Implementation of National Education Policy 2020

Hackathon: Brainovision

Soft Skills

Fast Learner:

Public Speaking (occasionally):

Interests

Teamwork:

Effective Communication:

Creativity: Leadership:

Hobbies

Designing:

Strumming Ukulele:

Photography:

Languages

English: Fluent **Hindi**: Native

Bengali: Intermediate
